

Such tobacco enjoyment

as you never thought could be is yours to command quick as you buy some Prince Albert and fire-up a pipe!

Prince Albert gives you every tobacco satisfaction your smoke-appetite ever hankered for. That's because it's made by a patented process that cuts out bite and parch! Prince Albert has always been sold without coupons or premiums. We prefer to give quality.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three men smoke pipes where one smoked before!

PRINCE ALBERT

the national joy smoke

has a flavor as different as it is delightful. You never tasted the like of it! And that isn't strange, either. No other tobacco can be like Prince Albert!

Buy Prince Albert every-where tobacco is sold in tippy red bags, 5c; tidy red tins, 10c; handsome pound and half-pound tin humidor—and that corking fine pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such clever trim—always!

Men who think they can't smoke a pipe can smoke and will smoke if they use Prince Albert. And smokers who have not yet given P. A. a tryout certainly have a big surprise and a lot of enjoyment coming their way as soon as they invest in a supply. That tobacco will tell its own story!

FRED BISSELL CONFESSES TO CHILD MURDER

Revolting Story of Topeka Crime Related by Degenerate

LIFE SENTENCE IS MAXIMUM

Self-Confessed Slayer Attributes Depravity to Kick on Head Received When He Was a Boy

Lansing, April 29.—By confessing to the attack and murder of Edna Dinsmore, 9 years old, who was found dead in a burning house in Topeka Tuesday, Fred Bissell cleared up what was said to be one of the most revolting crimes ever recorded in Kansas. For four days officers wound circumstance upon circumstance around Bissell until late yesterday he made a complete confession to prison officials here. Bissell

LIFE NEARLY EBBED AWAY

But Daughter Helps To Restore Sick Mother Again to Health And Duty.

Highwood, Mich.—"I was in a serious condition, and my life was nearly gone," writes Mrs. Clara Avery, of this place, "but I am feeling well now, as the result of having taken Cardui, the woman's tonic.

My sufferings extended over many years, and were made up of female troubles, such as backache, pain in my side, and dreadful dizzy spells.

I was all run down, and hardly able to drag around, when my oldest daughter got me a bottle of Cardui.

I had no faith in it, but took it nevertheless, and before I had finished half a bottle, I got better. Now I am well and able to do all my work."

Women who have to drudge away, at their own housework, often have to suffer from the results of overstrained womanly organs.

It should be a comfort for them to know that for such pains and weakness, there is at hand, on every dealer's shelf, a remedy, Cardui, the woman's tonic.

This successful tonic, prepared from nature's harmless herbs, aids nature in building up strength, for the worn-out womanly constitution.

It relieves the symptoms. It reaches the cause. It helps to make you well. Try Cardui.

was brought to the state penitentiary from Lawrence to escape a mob that went from Topeka after the criminal.

The suspected man cringed before their words, the officers said, and slowly gave up the story of how he enticed Edna Dinsmore into the vacant house, bound her hands and feet, attacked her, and then set fire to the building.

Sheriff Kiene said he had never heard a more horrible story.

Lansing, April 29.—A kick by a horse when he was a boy is the cause attributed to his depravity, according to the sworn statement made by Bissell to Sheriff Kiene following his confession. The self confessed slayer asked that the state arrange to have an operation to relieve a pressure on his brain which he claims has caused him to commit unspeakable crimes.

Topeka, April 29.—Fred Bissell may not be brought back to Topeka to receive his sentence until his present term for another crime expires.

The most severe punishment he can receive is life imprisonment, unless he breaks some prison rule that would send him to solitary confinement.

WIRE WAR ENDS QUICKLY, WILL DEMAND A PROBE

Washington, April 29.—The flood of propaganda telegrams to congress largely from German-American citizens, stopped as suddenly today as it began a few days ago. Also, all discussion of the propaganda stopped.

It was definitely stated that Senator Huesting would not introduce a resolution for a congressional investigation.

FEDERAL OFFICER KILLS NOTORIOUS WHISKY PEDDLER

Muskogee, Ok., April 29.—Henry Pitts, a whisky peddler, was killed west of Siloam Springs, Ark., by Deputy United States Marshal M. H. Caudle of Westville.

Caudle and John Welsh followed Pitts and a consignment of whisky from the Arkansas town, and when they tried to arrest him Pitts opened fire. Caudle returned the fire, killing Pitts.

60,000 GARMENT WORKERS DISMISSED BECAUSE OF UNION

New York, April 28.—Incensed at the attitude of the garment workers' unions, the Cloak, Suit and Skirt Manufacturers' Protective Association, comprising 409 shops and employing at least forty thousand persons, notified their employees today not to report for work until further notice.

HUGHES SAID TO SEEK IT

Open Campaign for Justice for President

DELEGATES ARE BEING SOUGHT

Not Certain Whether or Not, Hughes Has Given His Consent—Business Men Want Him

Washington, April 28.—All guise of concealment has been torn off the Hughes-for-President movement in the Republican ranks.

A well organized campaign for delegates is on. The states have been divided into sections and political emissaries have gone forth from Washington with instructions to see every delegate, instructed or uninstructed, in an effort to obtain either a first or second choice pledge to support the supreme court justice's candidacy.

Justice Hughes has publicly declared he is not a candidate and is not seeking delegates. Yet the Hughes-for-President organization is continuing its work unabated. In fact, its work is helped rather than embarrassed by the silence of the justice.

That an organized campaign to go out and get delegates was on, more or less under cover, has been known here for weeks, but today H. A. Hopkins of St. Clair, Mich., who is well known as a political worker in Michigan, admitted frankly that he had been commissioned by a party of business men of New York to visit Wisconsin, Minnesota, North Dakota, South Dakota and Michigan and confer with the party leaders of those states as to the probability of their respective delegations ultimately going to Hughes. Whether Mr. Hopkins had an interview with Justice Hughes before leaving Washington, whether the justice knows of the movement in his behalf and approves of it, whether he has encouraged his friends to go ahead with it with at least a tacit understanding, could not positively be learned. Nevertheless his friends certainly have construed his silence to mean that he will accept.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Nothing Much to Wear Out

and She Certainly Gets the Cream

This is the entire Driving Gear of the Beatrice Cream Separator. If you are familiar with the many complicated parts of other Separators, you can readily understand why the Beatrice Separator lasts so long and so seldom needs repairs.

Six Other Advantages of Beatrice Cream Separators

Besides being the longest lived and the cheapest to repair, Beatrice Cream Separators have six other big advantages over any other Separator on the market.

Gets All the Cream—The Beatrice is the closest skimmer of milk—warm or cold—ever built. One man who bought a Beatrice says: "In 20 years' experience I have not seen a closer skimmer than this Beatrice."

No Trouble—So simple it can't give any trouble. Beatrice Separators don't come back. One customer says: "I have used a Beatrice five years and it has not given one minute's trouble in that time."

Most Sanitary—Not a crevice or a joint to collect milk or dirt. Every woman likes this. One user of a Beatrice says: "The frame is so smooth and nicely constructed that it is easy to keep clean. It is the most sanitary Cream Separator I have seen."

Mechanically Perfect—Better mechanical construction, yet most simple, most durable and most easily repaired. One user tells us the Beatrice excels any Separator on the market, regardless of the price.

Easiest to Clean—With the Beatrice Washer, given free with every machine, you can easily wash, sterilize and dry the discs in two minutes. One man who bought a Beatrice says: "My wife is well pleased with the way it cleans the discs, and thinks it is as near perfection as it could possibly be."

Saves \$25 to \$40 in First Cost—The Beatrice is the one machine of high quality sold at a fair price. Another Beatrice user says: "I installed a Beatrice Separator in December, 1914. I thought because it was so much cheaper than some of the other machines it might be deficient in some way, but it does even better work, especially in running an even percentage of cream, than other machines I have tried, and I do not see wherein it could be more substantial or durable."
